# DIRECTED READING PROGRAM

## Get credit for a math reading project

The Directed Reading Program (DRP) gives you the opportunity to:

- ▶ work one-on-one with a graduate mentor for the semester
- ▶ learn an area of mathematics not covered in any course
- ▶ gain valuable presentation skills

*Applications for Fall 2022 are due March 25*

For more information, and to apply, scan the QR code below or visit

<https://www.math.tamu.edu/undergraduate/drp/>

“One-on-one communication with my mentor was most valuable to me, since that level of engagement is usually not possible in mathematics courses where there are many other students.”

“I would love for this to become a required course for Math Majors, it was really helpful and I enjoyed the one-on-one aspect of it.”
